

	<h2>Environmental Policy</h2>	Doc No: POL-002
		Rev 0
		Effective date: Mar 2017
		Page 1 of 1

The Management of Biddulphs Removals & Storage S A (Pty) Ltd believes that it must conduct its operations with concern for the environment and minimise any possible adverse impact on the environment.

Biddulphs is therefore committed to:

- Complying with applicable environmental legislation and regulations.
- Optimising the use of water, electricity, fuel, lubricants and packing materials to reduce waste and cost.
- Recycling of packing materials, office waste and lubricants.
- Encouraging customers to accept recycled packing materials.
- Prevention of pollution
- Environmentally acceptable disposal of waste that cannot be recycled.
- The setting of objectives and targets to reduce environmental impacts and the monitoring of progress and achievements.
- Providing the resources, education and training required to enable all staff to participate in the environmental management system.
- Communicating the policy to all employees and encouraging the involvement of people at all levels to implement the policy and improve environmental performance.
